Education

Aditya College of Engineering

B.Tech in Electronics and communication Engineering **CGPA 8.1**

2020-2024

Surampalem, Andhra Pradesh

Sri Surya Junior College

Intermediate in M.P.C **CGPA 9.9**

2018-2020

Jaggampeta, Andhra Pradesh

Technical Skills

Programming Languages : C++, Java, MySQL, JavaScript

Web Development : HTML, CSS, ReactJS, Redux, MongoDB, ExpressJS, NodeJS

Coursework & Tools : OOPS, Computer Networks, Postman, Git

Others : Data Structures and Algorithms, Competitive Programming

Experience

OwlCoder Intern

TechnicalHub

Jul 2023 - Nov 2023

- Gained hands-on experience with a variety of programming languages and tools including C++, Java, ReactJS, Git.
- Provided mentorship and support to junior interns and peers sharing knowledge and best practices in competitive coding and collaborated With a team of developers to build and refine coding solutions in a collaborative environment.

Outlier

Oct 2024 - Dec 2024

Coding Expertise AI Trainer

- Contributed to AI model training by evaluating and ranking AI-generated code across multiple programming Projects.
- Analyzed coding outputs from three distinct language models weekly, offering specific recommendations leading to enhanced clarity in generated responses while streamlining overall project workflow.

Projects

FilmyGPT

- Developed FilmyGPT, an AI-driven movie recommendation platform, leveraging OpenAI's GPT API for personalized user suggestions based on viewing preferences.
- Integrated Firebase Authentication to enable secure, real-time user registration and login functionality;
- Created a robust natural language processing feature utilizing OpenAI technologies that improved user query handling efficiency by reducing average response time from 15 seconds to under five seconds.
- Technologies used : HTML, CSS, JavaScript, ReactJs, Redux, Firebase, OpenAI
- View Project : [GitHub](#) [LiveLink](#)

DevTinder

- Designed the DevTinder web application, enabling developers to connect, collaborate, and network efficiently.
- Developed an interactive feed page that enabled 500+ developers to seamlessly explore and engage with each other's profiles, enhancing community interaction and collaboration within the DevTinder application.
- Built an efficient real-time connections page that enabled users to manage established connections effortlessly, leading to a significant increase in daily active users engaging with each other's profiles on the application.
- Integrated a profile editor enabling users to update their information effortlessly.
- View Project : [GitHub](#) [LiveLink](#)

Certifications

- Red Hat Certified System Administrator(RHCSA).
- EPAM Systems Front-End Technologies.

Coding Profiles

- Codeforces : Max Rating - 1237(PUPIL), Solved 300+ Problems.
- LeetCode : 3 Star and Max Rating -1600+, Solved 300+ Problems.

Achievements

- Top performer in OwlCoder program conducted by Technical Hub.
- Expert at Chegg, Solved around 300+ questions on Programming and webD.
- Ranked under the Top 10 in multiple coding competitions organized by college.
